

Specialist training for safer, stronger communities.

Practical, tailored learning for charities, nonprofits and community organisations.

OUR FOCUS

01 Domestic abuse

02 Domestic abuse-related deaths

03 Harmful practices

04 Fundraising skills and responsible AI

FOCUSED AND RELEVANT

Training that supports your work

Choose a specialist subject or discuss a tailored programme to meet your team's learning needs.

01

Domestic Abuse

Understand patterns of abuse, recognise risk and build confidence in appropriate professional responses.

02

Domestic Abuse-Related Deaths

Explore learning from reviews, risk factors and opportunities to strengthen organisational responses.

03

Harmful Practices

Recognise forced marriage, FGM and so-called “honour”-based abuse, with a focus on safeguarding.

04

Fundraising Skills & AI

Build skills in grant applications, funding research and the responsible use of AI in fundraising.

DESIGNED FOR

charity and nonprofit teams, community organisations, volunteers, leaders, safeguarding professionals and people developing fundraising capacity.

SPECIALIST TRAINING

Domestic abuse & related deaths

Programmes designed to strengthen awareness, professional judgement and safe organisational responses.

01

Domestic Abuse: Awareness & Response

Training to help participants understand domestic abuse, recognise concerns and respond with care and confidence.

KEY LEARNING AREAS

- Recognising different forms of abuse, including coercive and controlling behaviour
- Understanding barriers to disclosure and impacts on individuals
- Responding sensitively and appropriately to concerns or disclosures
- Knowing safeguarding, referral and signposting pathways

02

Domestic Abuse-Related Deaths

Learning-focused training that draws on patterns of risk and lessons from domestic abuse-related death reviews.

KEY LEARNING AREAS

- Identifying risk indicators, escalation points and missed opportunities
- Considering information-sharing and multi-agency working
- Understanding learning emerging from reviews and case studies
- Turning lessons into safer systems, policies and frontline practice

SPECIALIST TRAINING

Harmful practices & fundraising

Distinct programmes, united by practical learning that can be applied in your organisation.

03

Harmful Practices

Build awareness of harmful practices, improve recognition of concerns and strengthen safeguarding responses.

KEY LEARNING AREAS

- Forced marriage and so-called “honour”-based abuse
- Female genital mutilation (FGM) and other related harmful practices
- Risk recognition, barriers to disclosure and safeguarding considerations
- Culturally informed, survivor-centred and appropriate responses

04

Fundraising Skills & Responsible AI

Training for charities and community organisations seeking stronger funding applications and more confident fundraising.

KEY LEARNING AREAS

- Finding suitable funders and understanding their priorities
- Writing persuasive grant applications and demonstrating impact
- Planning funding activity and communicating your organisation's work
- Using AI responsibly to support research and drafting, with human verification and attention to confidentiality
